

Entry-level blast systems for light industrial applications or when blasting is required on an intermittent basis.

Bearing the Guyson brand name guarantees the highest levels of efficiency, reliability and quality. Guyson success for over 68 years has been founded on quality equipment.

F1400 and F1600 Models with foot operated blast guns are ideal for small workshops, garages and maintenance departments. F2000 Model is available for larger components.

The strong, durable, high quality sheet metal construction ensures the cabinet is tough enough for heavy components and regular use.
